

## Environmental Action Bingo

This month we are playing BINGO together! Below is the BINGO board for you to review and consider which of the 24 environmental actions you have completed or are about to complete in the near future.

If your household has completed a vertical column, a horizontal row, or a diagonal through the STAR, then YOU HAVE BINGO! It is also possible to complete BINGO in multiple ways – for example, by completing both a diagonal and a vertical row.

Winners are in Two Categories:

1. Most BINGOs (most rows, columns, diagonals completed) – the top 10 finishers will each be awarded a jar of Somerset Honey (bees are to be installed this month in our Town apiary, so it will take approx. 9 months for delivery!)
2. Most Environmental Actions (most boxes completed) – the top 10 finishers with the most actions (from 1 to 24 maximum) will also receive a free jar of Somerset Honey.

Good Luck! And please send your results (Your name, address, and both the number of BINGOs completed and the number of Environmental Actions) to [tos.environmentcommittee@gmail.com](mailto:tos.environmentcommittee@gmail.com). We will announce the winner in one month's time (see an upcoming issue of the *Town Journal*).

<b>Environmental Action BINGO</b>				
<b>LED Lights in House</b>	<b>Mow Every Two Weeks</b>	<b>Vegetable Garden</b>	<b>Bike and Public Transport</b>	<b>Solar Panels/ Renewable Energy</b>
